Continuation of 11. does NOT place the application in condition for allowance because: Of the rejections of record, it is not seen that applicant's response particularly points out any errors in the examiner's position as set forth in 37 CFR 1.111(b). Applicant has not shown how the rejection fails to account for each limitation claimed or how the examiner's supplied reasoning fails to provide a prima facie case of obviousness for those limitations not directly anticipated. A number of allegations are raised, none of which are substantiated and none discuss the specific comments of the examiner relied on to reach the conclusions of obviousness..
